

Serial No.:

IN THE CLAIMS:

Please cancel originally filed claims 1 - 36 without prejudice. Please add new claims 37 - 38 as indicated herein:

Claims 1- 36 (canceled)

37. (New): A child booster car seat comprising:

a body including a seat back and a seat pan for supporting an occupant;

a seat belt guide operatively coupled to said body for receiving a vehicle belt therethrough and guiding said vehicle belt over an occupant located on said body;

a pair of pivotably adjustable arm rests operatively coupled to said body, each arm rest being located on opposed sides of said body and being pivotable about an axis that extends generally transverse to said body; and

wherein each of said arm rests include an aperture therethrough for pivotally coupling said armrest to said body.

38. (New): The child booster car seat of claim 37 wherein each of said arm rests includes a stop surface which is shaped to engage an associated bracket to limit the pivoting motion of said arm rest.
